nexyo

How to grow a data ecosystem

nexyo

WHO IS NEXYO

nexyo is a Vienna-based deep tech start-up that offers innovative, scalable software for distributed data.

Our solution enables you to enter the world of data economy easily so that we can shape the future together!

Founded in 2020

Located In Vienna

Successful Projects

High profile FTE team

Paying Customers

Tech partner for Austrian Lighthouse project

nexyo DataHub

nexyo

Connecting data to connect organizations

/ DIGITAL DATA SOVEREIGNTY

/ INDIVIDUALIZED DATA OFFERS

/ DECENTRALIZED ARCHITECTURE

/ EASY TO USE FOR NON-TECHNICAL USERS

Never worked with data before or never exchanged data with partners outside your own company? We leave the complexity under the hood with an easy-to-use interface, so you can focus on collaboration, not tech.
