

# Data Spaces Symposium

"Redefining Possibilities: The Transformative Force of AI and Data Spaces in Manufacturing"

---

**Diego Mallada Conte**

Gestamp Digital Tech Director

IndesIA CTO

# Gestamp

▪ Gestamp, TIER-1 Spanish multinational specialized in the design, development and manufacturing of metal components for the main

Product portfolio

- ▶ Body-in-White, Chassis and Mechanisms
- ▶ Oriented to Increase Safety and Weight Reduction

Innovation Technology

13

R&D Centers

1,500

R&D professionals

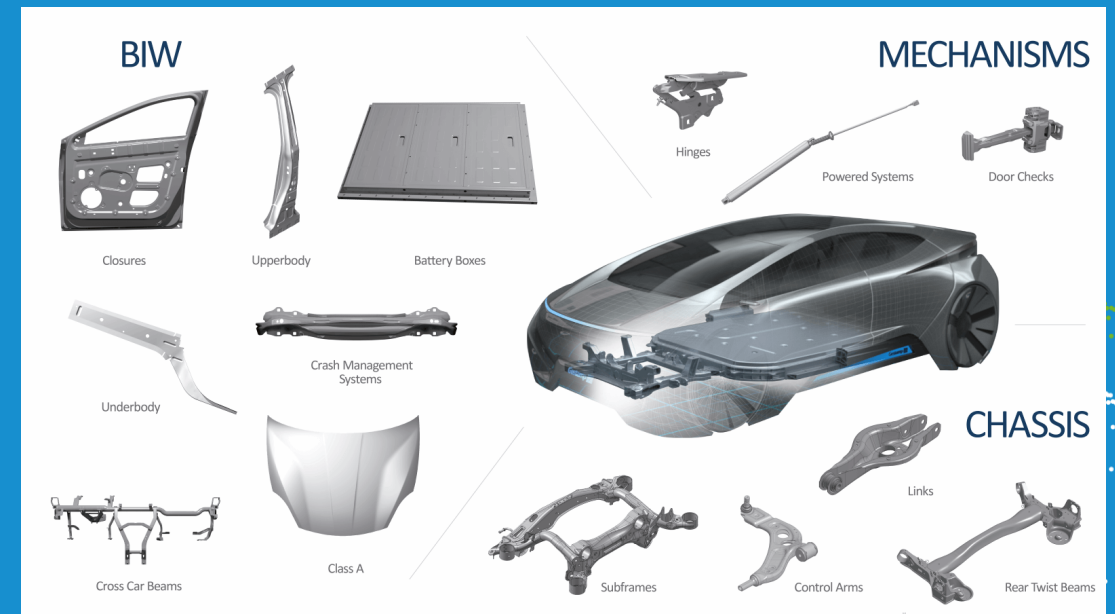

GLOBAL PRESENCE

24

Countries

More 100

Industrial plants

43.000 Employees

- In response to these challenges, emerged IndesIA, the Industrial Association to promote the data economy and Artificial Intelligence.

IndesIA was born as a non-profit association in 2021 with the main purpose of helping Spanish industrial companies in their digitalization process through the use of **data** and the application of **Artificial Intelligence**.
