

Data Spaces Symposium

Open Source in Data Spaces

Martin Bauer
NEC Laboratories Europe

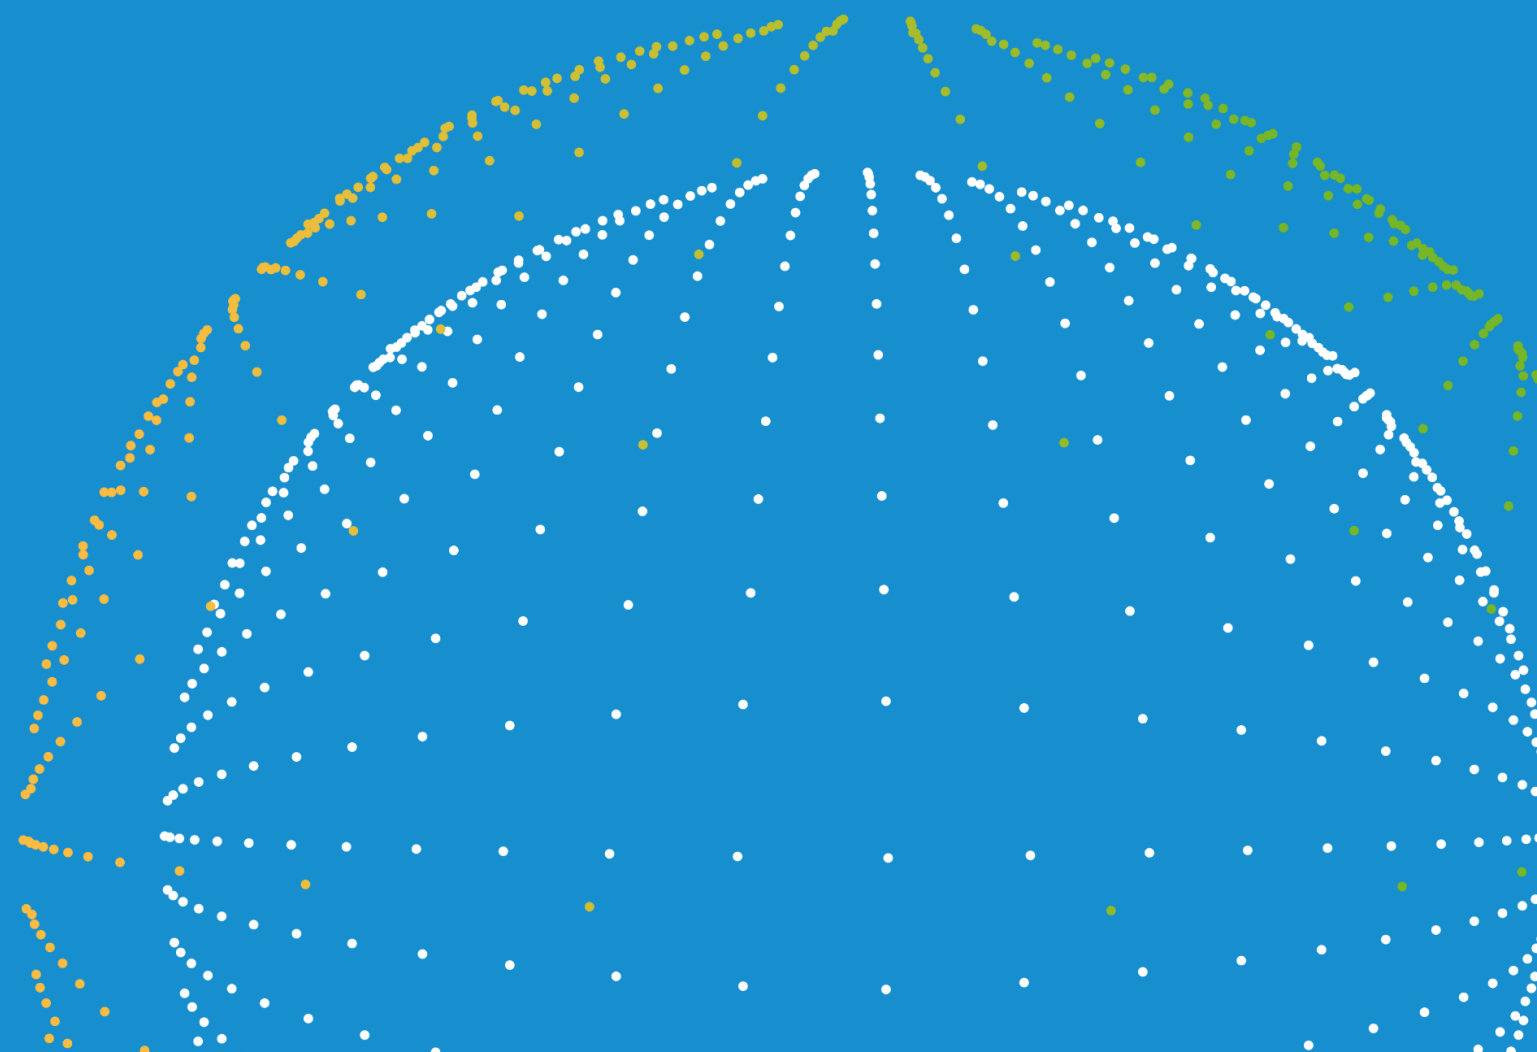

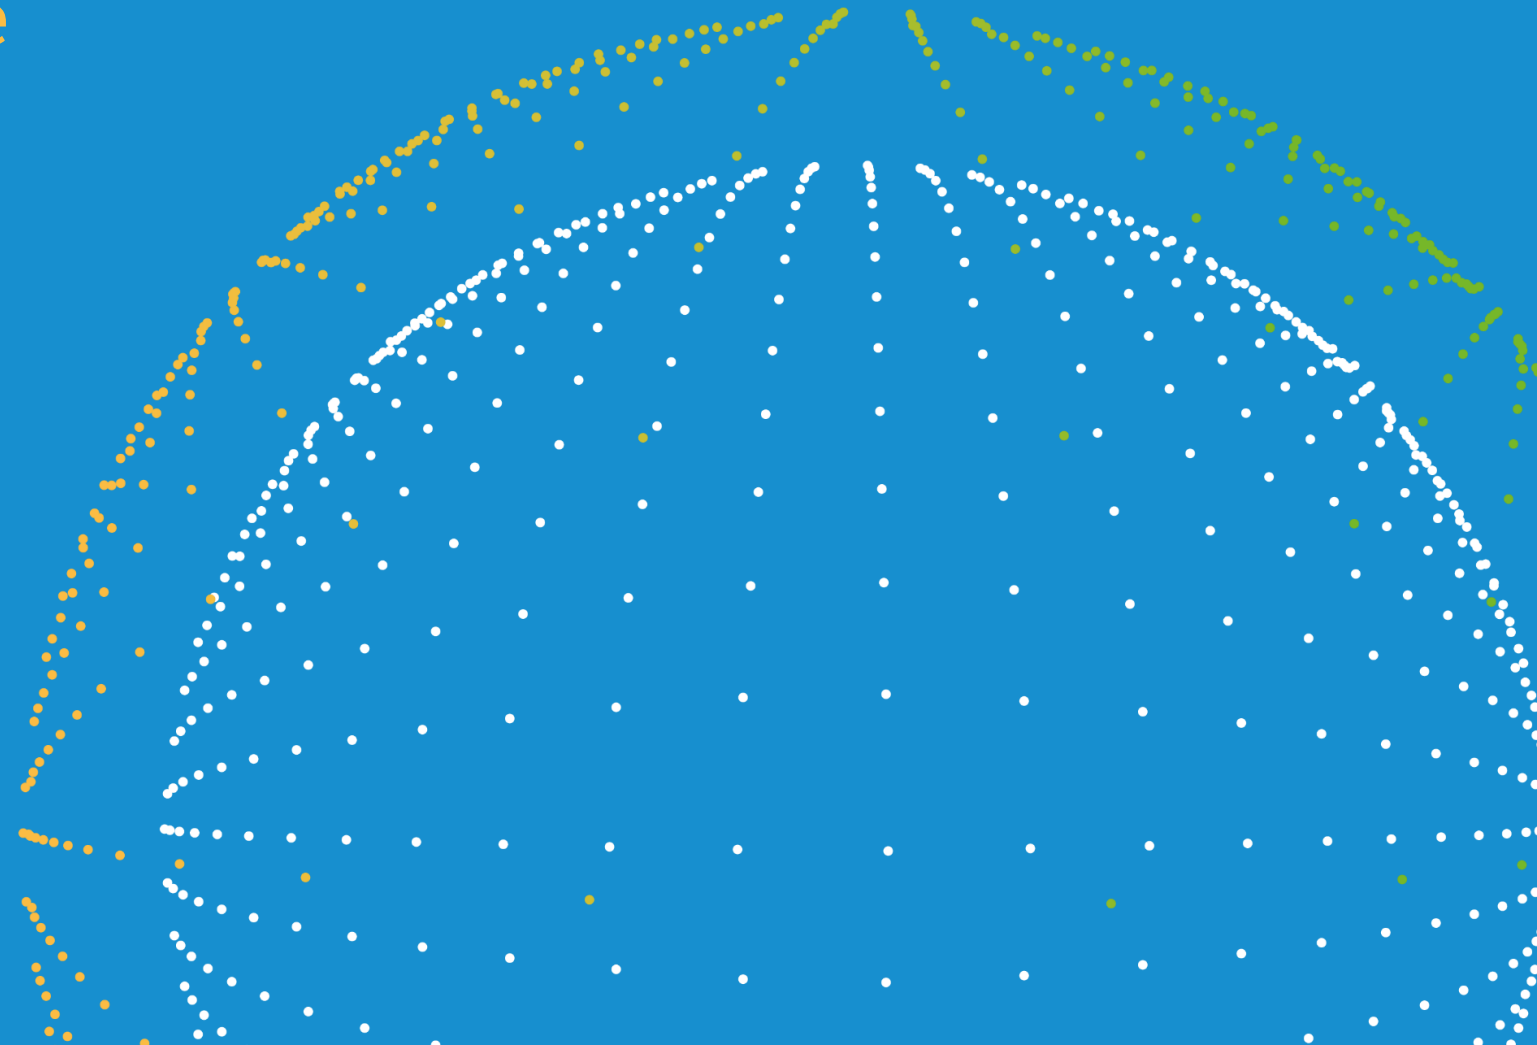

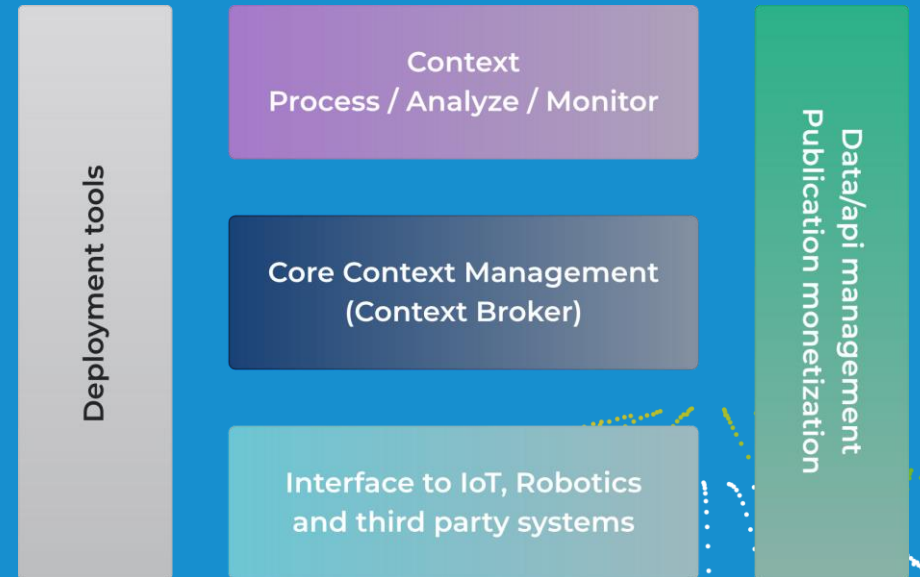

Table of Content

- Open Source –
The FIWARE Experience
- Importance of Open
Source for Data Spaces
- Agile Specification
& Open Source
Development:
Example: NGSI-LD

Open Source – The FIWARE Experience

- **FIWARE: A curated framework of Open Source Platform components to accelerate the development of Smart Solutions**
- Toolbox of components
- Agile development
- Enables collaboration
- Common basis for building solutions
 - Achieve interoperability
- Ultimately: creates a market

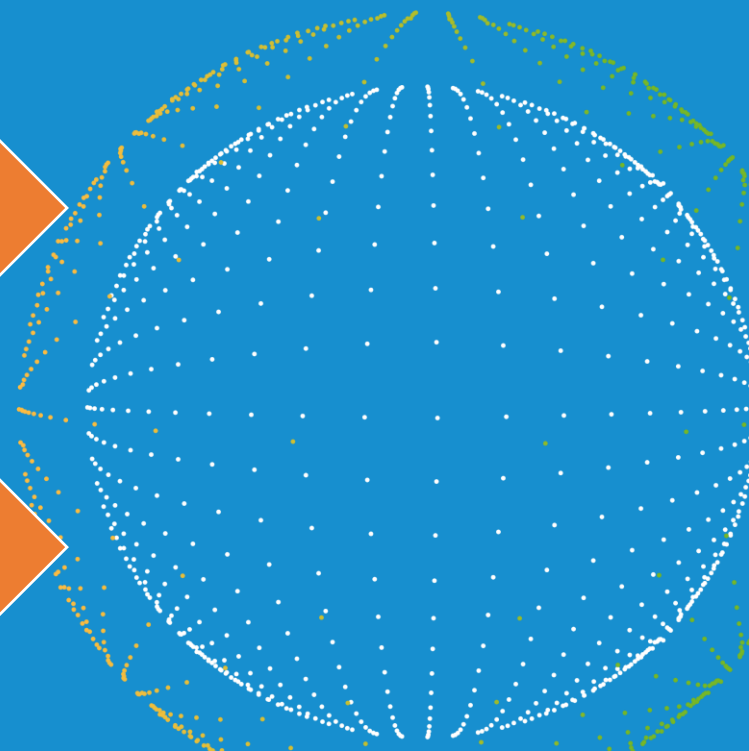

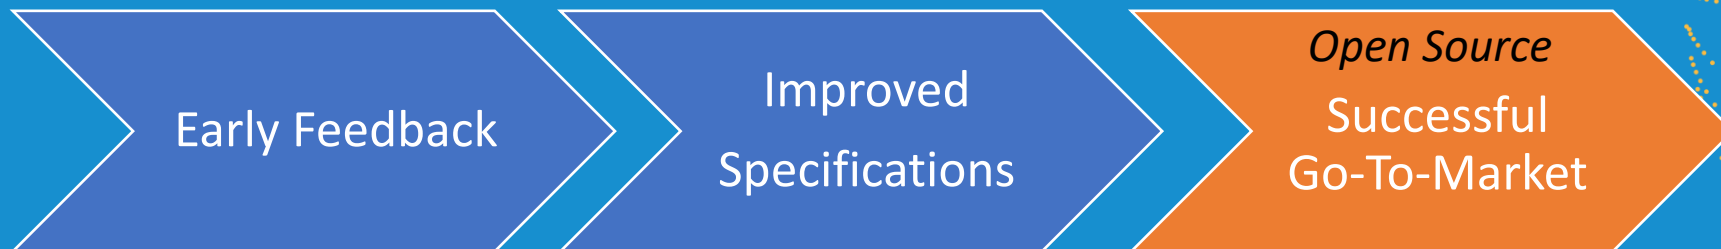

Data Space Connector

<https://github.com/FIWARE/data-space-connector>

Importance of Open Source for Data Spaces

Aspects Open Source Contributes To

Agile Specification & Open Source Development

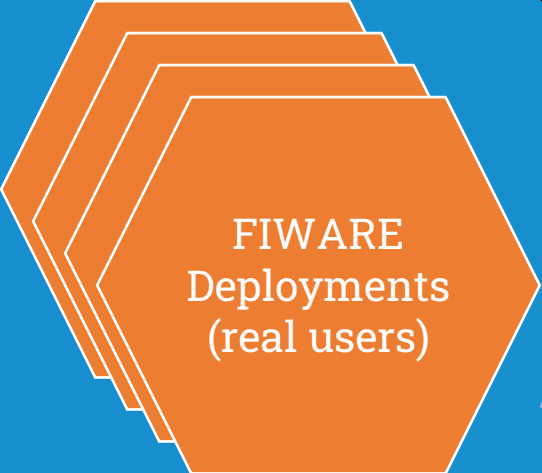

Example: The NGSI-LD API

- Open specification
- Open source
- Testing
- Deployment

ETSI ISG CIM (Context Information Management)

FIWARE Generic Enablers (open source)

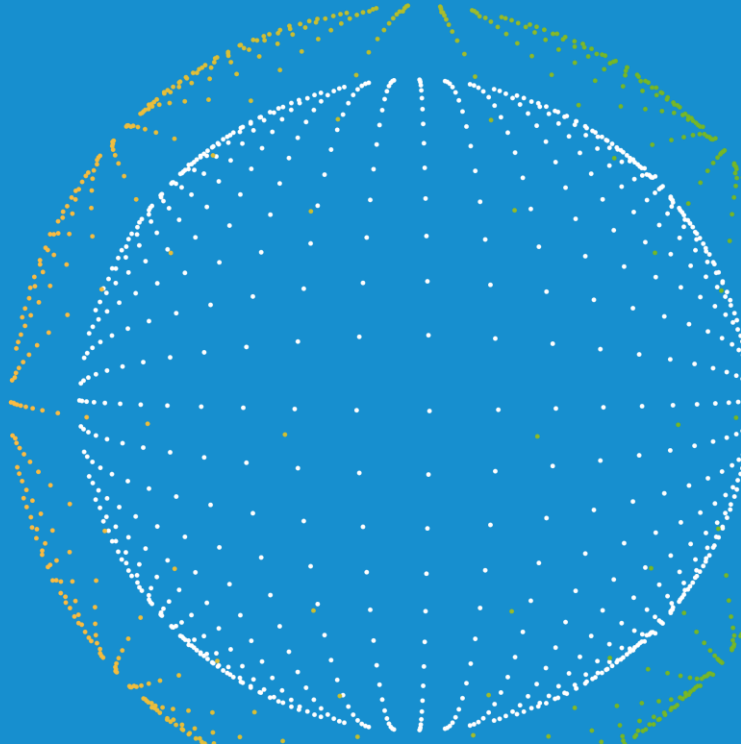

New Requirements
